Celestial Magic is a really great read. I'm not going to summarize it as the kindle blurb does a good job of that. Instead I will focus on the important stuff. This first book of the Celestial Marked series delivers all the things a first book should deliver.

Celestial Magic is a good beginning to a new series. I am impressed with the worlds that Emma Adams has developed. The main character, a woman that is strong and knows what is right, certainly fits well in this world. The other lead characters are raw yet and need to be more well rounded but it seems that this will occur in the future books.
