Era of Universal Evolution Chapter 22 – Comrade Mao

Rationality and evolution are apparently quite different, applying, respectively, to the acts of complex, well-informed individuals and to populations of what may be mindlessly simple entities. So it is remarkable that evolutionary game theory shows the theory of rational agents and that of populations of replicating strategies to be

Revolution. From the rising of the
Jacquerie in 1358 to the calling
together of the National Assembly in
1789, France had passed through the
development of her social system,
from a congeries of great and small
more or less independent feudal
territories, to France as a nation
under one autocratic monarch.
