There are many brands of interface available to connect a PC to a ham radio transceiver. Often home-brew interfaces are used. They all do essentially the same thing. They key the radio to transmit, pass a signal based on the mode of operation from the PC to the

Online Library Computer

radio, then un-key to go back into receive mode.

Radio/PC Interfaces: Everything You Need to Know

Computer radio interfaces - The DXZone.com

Though they look similar to an SDR, PC controlled radios are simply radios that rely on a personal computer for the user interface and some performance enhancements.

Below, you will find a list of all SDRs and

Online Library Computer

PC controlled radios categorized by manufacturer. Click on the radio name and model to view details. The Airspy HF+ Discovery is one of the smallest SDRs on the market, yet packs high-performance.

Computer to Rig Interfacing You Don't Need to Buy an ...

With a simple data
and radio control
interface, your
computer and radio
form a powerful data
terminal. MFJ

Online Library Computer

Enterprises and West Mountain Radio both manufacture popular data interfaces. If you choose to use an external multiple-mode controller for the digital modes, such as the Timewave PK-232 or DSP-599zx, Kantronics KAM, or MFJ-1278B, you need only a terminal

Online Library Computer

program such as
Hyperterm, which is
built into Windows .

How to Choose a Computer for Your Ham Radio Shack - dummies

These interfaces
replace Icom's
CT-17. IC-751A,
IC-271 A/H, 471 and
1271A. Requires a
UX-14 interface or

Online Library

Computer

Compatible

replacement. Look for a 1/8" phone jack labeled REMOTE or something like that on the back of your rig. If you have a UX-14 installed in your radio, all you need is the LCU3-I-USB cable (with a USB jack).
