## Cross-Cultural Management - YouTube

Cross-cultural management is the study

# Get Free Cross Cultural

of management in a cross-cultural context. It includes the study of the influence of societal culture on managers and management practice as well as the study of the cultural orientations of individual managers and organization members. At the individual level, individuals' values as well as their understanding of and

Bibliographies

The cultures of the East and the West each offer project managers a different approach towards practicing

# Get Free Cross Cultural

project management.

This paper examines how project managers can integrate these two approaches to develop an orientation that leverages each approach's advantages. In doing so, it identifies the critical differences between Western and Chinese cultures and approaches to thinking.
