Version Task Force Electric

The objective of the Electric Vehicle Energy Taskforce is to put the electric vehicle user at the heart of preparing the electricity system for the mass take up of electric vehicles. It aims to ensure that costs and emissions are as low as possible, and opportunities for vehicles to provide grid services are capitalised upon for the benefit of the system, energy bill payers and electric vehicle owners.

Task Force is a tactical shooter that focuses on close quarters infantry combat. It aims to provide competitive arcade-style gameplay inspired by classic third-person games. Maps will include locations around the world where special operations are conducted. These could be jungles, deserts, urban areas or snowy environments.
