Make sure the lift arms are in the fully lowered position. (that is upwards if the top cover is flipped upside down). Make sure your spring balance is connected right at the top of the lever (if it is connected lower down the lever it will require more force to move the lever).

Setting Lever Springs For MF35 Hydraulics

MF 135 hydraulic adjustment Hi, Ive just finished overhauling a 1969 MF 135 hydraulic pump as the pump used to chatter away and couldnt lift much latterly. Ive got a manufacturers manual which i was working through to carry out the adjustments on the top lift cover. Unfortunately in order to carry out a lot of these adjustments, you need a few special tools. I dont have any of these, so ...

Massey Ferguson Hyd Lift Adjustment

Merely said, the massey ferguson hyd lift adjustment is universally compatible in the same way as any devices to read. Wikibooks is a collection of open-content textbooks, which anyone with expertise can edit – including you. Unlike Wikipedia articles, which are essentially lists of facts, Wikibooks is made up of linked chapters that aim to teach the reader about a certain subject. Massey ...

Massey Ferguson Hyd Lift Adjustment - orrisrestaurant.com

Lift loses power as work progresses After a while once work progresses the temperature of the hydraulic oil rises & as is the nature of oil the viscosity drops, IE becomes thinner. If the performance of the lift weakens this is a symptom of wear. The hydraulics should perform as well at idling speed or at higher rev's.

massey Ferguson Hydraulic lift | Fault Finding

Available lift pressure, 1,500 psi start, 2,000 psi after the adjustment= 33.3% increase in lift. In this hypothetical scenario, a 20% increase in system pressure would provide a 33% increase in lift capacity. Lift capacity should be linear IF working with the available lift pressure, NOT system pressure.
