Teaching and Learning in the Pandemic - Education Week

Teaching and Learning . There are many benefits to in-person learning, and nothing can replace the instruction a student receives in the classroom. Knowing every student well and learning in-person is a critical way to provide a high-quality education.

Teaching and learning are vital processes in survival as they comprise the very foundations of growth. Both of these methods are necessary in achieving development by seeking to actualize significant changes in behaviors. Equally, they have various styles and theories that guide the education system. They are also

processes that are linked to the acquisition of knowledge, values, traditions, skills, behaviors, etc. These two processes are at the two ends of the knowledge acquisition process. Teaching involves imparting knowledge whereas learning involves acquiring knowledge. This is the main difference between teaching and learning.
