Unlike the original Anarchist Cookbook, which contained instructions for the manufacture of explosives, this version is both a cookbook in the literal sense and also a "cookbook" of recipes for social and political change. The coffee-table-sized book is divided into three sections: a theoretical section explaining what anarchism is and what it isn't; information on organizational principles and tactics for social and political change; and finally, numerous tasty vegan recipes from one of the ...

the corrected and updated anarchist cookbook
The Anarchist's Cookbook author didn't do much, or know much. He copied some stuff out of a military field manual, and copied stuff he'd heard of. He wasn't a chemistry expert, or trained Special Ops, nor did he even try out the stuff he described. Consequently many things in there don't work, are dead wrong, or just plain dangerous in the wrong ways.

I messed up by buying the Anarchists cookbook for my
