The Origins Of Creativity

The Origins of Creativity is a book exploring big ideas surrounding the need to explore how our evolutionary past has made us who we are today, and that our limited sensory ability to experience the world has not limited our quest for originality/ creativity.

The Origins of Creativity by Edward O. Wilson

Chronicing this evolution of creativity from primate ancestors to humans, The Origins of Creativity shows how the humanities, spurred on by the invention of language, have played a largely unexamined role in defining our species. And in doing so, Wilson explores what we can learn about human nature from a surprising range of creative endeavors—the instinct to create gardens, the use of metaphors and irony in speech, and the power of music and song.

Creativity - New World Encyclopedia

That's a popular thing to do. Florida, echoing countless other writers on the subject, claims that creativity is "what sets us apart from all other species."^[2] In a similar move, Scientific American, reporting on newly discovered cave paintings older than all previously known, runs a cover story called "The Origins of Creativity."^[3].

The Origins of Creativity | Society for US Intellectual ...

The ways in which societies have perceived the concept of creativity have changed throughout history, as has the term itself. The ancient Greek concept of art, with the exception of poetry, involved not freedom of action but subjection to rules. In Rome, the Greek concept was partly shaken, and visual artists were viewed as sharing, with poets, imagination and inspiration. Under medieval Christianity, the Latin "creatio" came to designate God's act of "creatio ex nihilo"; thus "creatio" ceased t

History of the concept of creativity - Wikipedia

Remarkable and very advanced objects testifying to human creative genius are known from the art history. They originate from many parts of the world and from many different cultures and epochs. Perhaps the foremost examples of the earliest manifestations of creativity are various objects produced by the Australian Aborigines.
