How to Tie Dye : 10 Steps (with Pictures) - Instructables
Tie-dye is a technique of coloring fabric that involves folding, twisting, and scrunching the fabric and then tying it tightly with string or rubber bands. Then, you dip the fabric in dye. The areas that are twisted and tied will receive little to no dye. Once you remove the ties, you will find unique patterns on the fabric based on the way it was manipulated and bound.

Learn How to Tie Dye Something Unusual: Paper Towels ...
Tie-dye is a modern term invented in the mid-1960s in the United States (but recorded in writing in an earlier form in 1941 as "tied-and-dyed", and 1909 as "tied and dyed" by Luis C. Changsut, referenced below) for a set of ancient resist-dyeing techniques, and for the products of these processes. The process of tie-dye typically consists of folding, twisting, pleating, or crumpling fabric or ...

8 Tie-Dye Patterns and Step-By-Step Instructions | Parents
Tie dye is a way of making colourful patterns on fabric. This is done by folding, tying or crumpling fabric, then applying dye. The dye won't be able to reach into the folded fabric so you'll get some fun effects. The bonus is that every single item you tie dye is going to be different so the finished results are always a bit of a surprise.
